Forgive Us Father, for We Have Sinned

And now for our confession! We are addicted to chocolate! How could we not be? It is the only sweet to ever earn the title of "better than sex." With so much evidence that chocolate can actually be good for you (in moderation, of course), we have been indulging our habit guilt free with the [Saintly Sins](#) collection from **XAN Confections**. Each Saintly Sins box tempts you with raspberry, pineapple and strawberry filled chocolates, made from the finest cocoa and natural ingredients. They are so rich and delicious, you won't believe that each gluten-free, vegan piece packs only a scant 29 calories and one gram of fat! Who knew sinning could taste so sweet? See the entire selection of chocolates, which include dairy-free and other specialties at www.xanconfections.com.
