Dr. Oz coming to Race for the Cure

More than one Orange County doctor has mentioned that recording "[The Dr. Oz Show](#)" is a must because so many patients come in with questions based on the advice he dispenses on TV.

So now I need some advice from Healthy Living readers. Later this week I'm interviewing America's favorite doctor about his participation in this year's 20th Susan G. Komen Race for the Cure at Fashion Island on Sept. 25. (You can register [here](#).)

I also want to talk to him about his thoughts on preventing breast cancer and other health topics. I've been catching up on some re-runs but am guessing that you health-conscious readers will have some questions I haven't thought of.

What should I ask Dr. Oz? What would you like to know? Leave me a comment below and thanks for your help!
