### **CocoXan Fine Chocolates**

Chocolate's a good remedy for any stressful situation, but CocoXan Fine Chocolates have created something even more beneficial for those overworked and exhausted. Their lifestyle chocolates actually target issues, including PMS and pregnancy. Two of their tasty chocolate confections work especially well for the stressed, though. Meet CocoWell, a dark chocolate truffle that's "clinically proven to enhance key immune responses and promote health, wellness and vitality," and CocoBrain, a fortified orange chocolate truffle infused with vitamins A, C, D<sub>3</sub> and E and Folic Acid. Prices start at \$19.99 at [XanConfections.com](http://XanConfections.com).
